International students in Australia can get the COVID-19 vaccines

The COVID-19 vaccines are voluntary and free for everyone in Australia. International students aged 12 years and over who are studying in Australia can access COVID-19 vaccines. You do not need a Medicare card to get your vaccination at a government vaccination clinic.

You will need two doses of the same vaccine for it to be most effective. COVID-19 vaccines help protect you from getting very sick.

To find a clinic and book a COVID-19 vaccination using the vaccine clinic finder, visit covid-vaccine.healthdirect.gov.au
